THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Holderness in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Holderness on Tuesday, the fourteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

3. To see if the Town will vote to accept State Aid and raise and appropriate money for same.

4. To see if the Town will approve Town Budget as printed and raise and appropriate money for same.

5. To raise and appropriate such sums of money as may be necessary for repairing highways and bridges for the ensuing year.

6. To raise and appropriate such sums of money as may be necessary for Permanent Improvement.

7. To raise and appropriate such sums of money for State Highway Maintenance as required by law.

8. To see if the Town will vote to care for all Cemeteries not otherwise provided for and raise and appropriate money for same.

9. To see what sum of money the Town will raise for the support of Library for the ensuing year.

10. To see what sum of money the Town will raise for the decoration of Soldiers' and Sailors' graves for the ensuing year.

11. To see if the Town will vote to instruct the Selectmen to hire money in anticipation of taxes.

12. To see if the Town will vote to relinquish all its rights and interest in the old road leading from Coxboro Schoolhouse toward Perley Hall's.

13. To see of the Town will vote to lease a part of Davison's Garage for a firehouse for a term of five years and raise and appropriate money for same.

14. To see if the Town will vote to discontinue payments of water troughs.

15. To see if the Town will vote to give a discount of four per cent on taxes paid by July first and a discount of two per cent on all taxes paid by September first.

16. To see if the Town will vote to buy a truck plow to use from Town Hall to Plymouth and raise and appropriate money for same.

17. To see if the Town will vote to paint the outside of Town Hall and shingle the buildings that need it and raise and appropriate money for same.

REPORT OF THE SCHOOL BOARD

To the Citizens of Holderness:

We are presenting our annual report, and earnestly request all to go over it in detail. During the past year we have strived to do what seemed to us best for the community as a whole.

At the closing exercises we had sixteen remarkably smart young graduates. When one considers they were but finishing grammar school, and after listening to such a fine performance at their exercises, it must make all feel proud, as it does us of the board, to know they were of our own townsmen. These young people have all gone on to High School and much credit is due them for their work in this direction, we should all stand in readiness to help them whenever possible. We now have thirty-two attending Plymouth High, two in Ashland, two in Meredith and one as far away as Portland, Me. Everyone reading this will at once realize the cost to the town sending so many to high school, it being on the average of $100.00 per pupil. This present year the board realizes there was not enough raised at the last meeting to meet this problem, and we earnestly hope a larger sum may be raised to take care of this situation in future years.

Looking into the future it seems as if the best, and in the long run, the most economical way out would be to build a high school of our own, centrally located to be sure, which could be cared for by two or three teachers, and in a few short years it would pay for itself. It is our wish that the citizens of Holderness give this thought consideration. Several towns throughout the state have tried it, and find it an advantage. Our neighboring town of Sandwich has proven to all what a small country high school can do for its young people.

This past summer, signs were put on all the school houses.

As all undoubtedly know the Calley School in North Ashland was closed, so the pupils in that district are being transported to the Elm School.

Bridge School

There has been very little improvement done at this school, as it is in good condition.

Another year it is hoped to make the yard more attractive; this school being so near the center of the town; also painting the school house inside and out, is planned.

Carr School

In the Carr School, the interior was repainted and made in better shape. The chimney fixed, and the kaustine toilets dug up, and made over to better advantage. The greatest need is a wood shed of larger dimensions; we have been most fortunate in getting our wood delivered in small quantities, for which we are grateful.

East School

At this school the lighting arrangement has been changed to meet with state requirements; the windows being closed on the side facing the road. There is great need of chemical toilets there, also a larger woodshed. The board feels this is not the best time to raise more than necessary; but hope that soon an addition may be made to the main building to include toilets and cloak rooms, and the old shed used as a wood shed.

Elm School

We are fortunate in this district by our splendid teaching force, the fine results of work accomplished is most gratifying. A complete paint job was done on the inside during the summer, new shade curtains and a new roof added. Besides having all screens repaired and replaced.

The teacher serves hot lunches to the pupils during the winter months, which is a great benefit, especially to those who are transported, they having such a long day. Through the efforts of one member of the board the Red Cross of our town donated money to be used for these lunches.

In conclusion we wish each parent would make a special effort to visit school occasionally; not only the one in your own community, but anywhere.

We have a splendid teaching force, and we may all be justly proud of our schools. It is our wish for all to become better acquainted with the schools and to take an added interest.

Respectfully submitted,

DOROTHY H. FORBES,
PHYLLIS R. SMITH,
DAVID P. HOWE,
School Board.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and the Citizens of Holderness:

I have the honor to present my fourth annual school report. As your school executive I share with the school board a certain amount of responsibility and authority in the running of your schools. My duties extend over a vast territory covering six towns. The division of my time is left to my discretion, all depending on the number and seriousness of the problems involved in the operation of the individual schools. My duties in the main consist in providing the schools with the proper materials to work with, in supervising the teachers' class room activities, in cooperating with my associates, in furnishing a certain amount of leadership and stimulation to a better understanding and conception of the job of educating children, and in seeing that the general policies of both the state and the local school boards are carried out. I have tended to these duties to the best of my ability.

During the time that I have been connected with your schools, never have I seen the schools function more effectively, or the buildings in better condition than this year. I hereby express the gratitude of all, and of the children in particular for these improvements. The school rooms are the workshops of our children. There ambition is stirred, ideals are stimulated, and the keys which open the door to opportunity are forged. As an indication that this actually

happens in our schools I cite the fact that a small community the size of Holderness maintains thirty-five pupils in high school with honor to their town and profit to themselves.

Notwithstanding the fact that we have practiced economy in the conduct of our schools, our school costs are substantial. Considering that we are educating children for present day living can we afford to do less?

Last spring I personally gave the Otis Classification test to all the children of grades four, five, six, seven and eight. These tests measure two things, educational accomplishment and natural ability. Without going into a technical discussion of what is involved in the test, be it sufficient to say that our children showed reasonable accomplishment for their ability. This is all we have any right to expect. The teachers and I promoted the scholars in accordance with the showing made in the test, and the quality of daily work, bearing in mind the interest, the attitude, and the ability of the children.

Our teachers are to be commended for what they do for their schools in addition to the regular classroom teaching. The occasional plays, entertainments, pageants, exhibits, and other functions to which the parents and other neighbors are invited, are the earmarks of interested teachers, happy scholars, and satisfied patrons. Such schools are real community centers.

We are thankful to the local Red Cross for the financial assistance which has made possible the serving of hot lunches during the winter months to the children of the Elm School. The teacher has handled this additional duty with skill. It is a fine thing to feed the body as well as the mind. It would be a fine thing if this could be done in all the schools.

It should be a great incentive and inspiration to the people of Holderness to think that it is within their resources and those of the community to gradually set up a greater educational program for the sturdy children who are fortunate enough to be brought up in such a town.

Respectfully yours,

VINCENT GATTO,
Superintendent of Schools.
